ACADEMIC PROJECTS MyGitHub/Portfolio

Fish-Pocket: GitHub/App
   Fish Pocket is a friendly angler's app used to track fishing statistics! As an angler, you can log in with your Google account to access all of this app's features safely and conveniently.

Jellyfish-Hunting: GitHub/App
   Jellyfish Hunting is a Snake-Game re-creation with a Spongebob theme! Wild jellyfish spawn randomly one at a time on the map. Spongebob follows the mouse icon to catch each jellyfish in front of him. Spongebob can move in eight directions with animations and sound effects.

Tic-Tac-Toe: GitHub/App
   A Tic-Tac-Toe game with a Minions theme. Users can play against each other or with a built-in AI.
